

THE UK IN EUROPE. IN OR OUT?

NEWCASTLE CIVIC CENTRE – 25 FEBRUARY 2016

The United Kingdom faces a momentous decision, whether to leave or to remain in the European Union. Voters, who will soon be asked to settle the matter in a referendum, are looking for more information and impartial analysis.

At this Q&A event, we will discuss the issues at stake with the help of a panel of academic specialists.

Among the matters we will cover are:

- The impact of the EU on the economy and jobs
- Immigration
- European and national security
- The political implications of Europe
- National sovereignty
- Impact on the North East region

We will also look at the Government's negotiations, the EU response and what it will mean for our future.

All are welcome to this public event, which is free of charge.
