

Hello and Welcome to your October PRE-OP BIRDS e-bulletin

RECRUITMENT

We recruited **9** participants again this month so another WELL DONE everyone!

This gives us a grand total of **33**

IMPORTANT NOTICE – CONSENT AND SAE SECURE FAXES

Can you please make sure that you send your consent forms and SAEs to the correct fax numbers, as shown below:

SAEs: 0191 580 4757

Please note, the SAEs are automatically circulated to Sponsor, CI and NCTU Trial Management team via the secure SOHO66 system.

CONSENT AND ELIGIBILITY FORMS: 0191 580 4787

These faxes are sent to Nicola Goudie and Stephanie Currer and because they contain patient identifiable data, they should not be seen by anyone else.

Therefore, please take extra care when you are faxing documents to ensure they are sent to the correct number.

REMINDERS

Apologies for including the same reminders every month but we do need you to send us the following documents regularly and at least once a month:

- ◆ Consent forms – please ensure you are entering the correct PIS version and date on consent forms before this is completed by the participant. If not, the participant will need to be re-consented at their next visit.
- ◆ Eligibility Checklist
- ◆ Screening Logs
- ◆ Up to date Delegation logs if there have been any changes.

Please ensure they are sent to the correct fax numbers – as detailed above.

Could you please continue to let Ellen know when an intervention has been audio recorded.

NEWS

Please see link below to article:

Prehabilitation: Preparing patients for surgery

<http://www.bmj.com/content/358/bmj.j3702.full>

Could you please let us know if you can open this and if not, we will send you the article by email.

Also we would be grateful if you could advise if you hear of any articles that would be interesting to share with the Pre-Op Birds group.

**THANK YOU
for all your help
Best Wishes**

from your Pre-Op Birds Study team

Please don't hesitate to contact us if you have any queries
