

**Hello and Welcome to your February PRE-OP BIRDS e-bulletin**

## RECRUITMENT

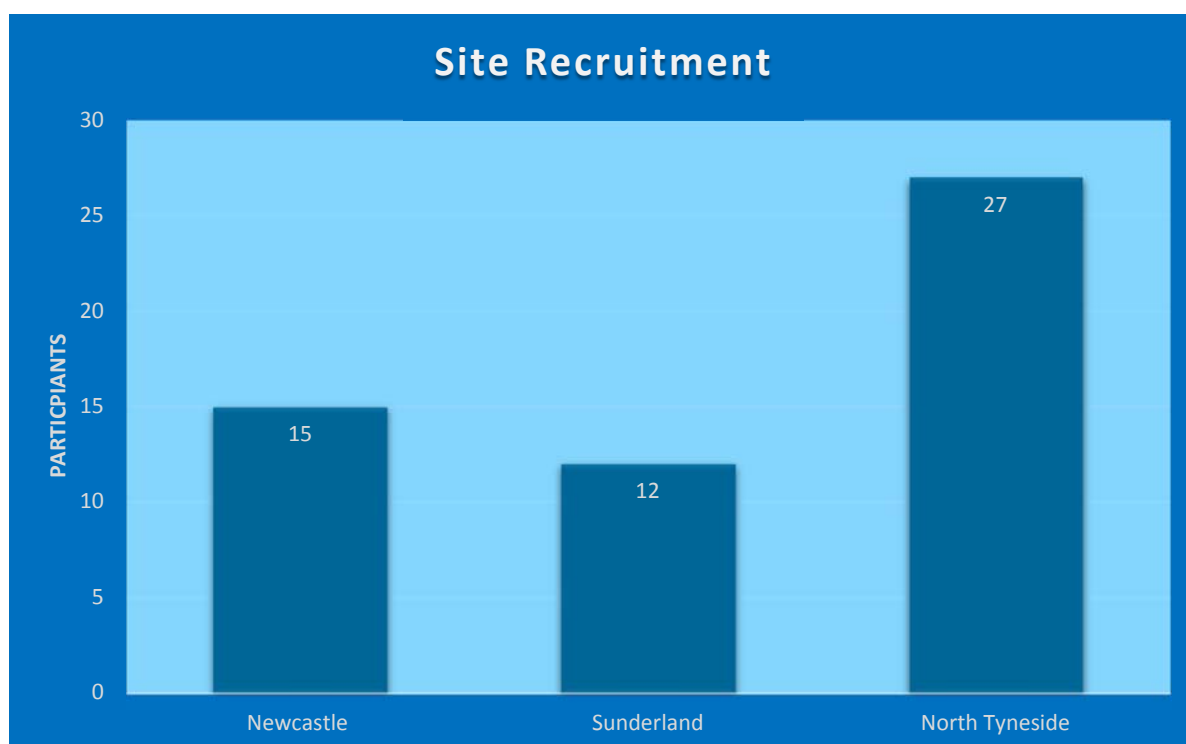

Great results for February with **10** participants recruited this month, which means the new total is **54**.

Thank you everyone for all your help as all sites have recruited this month.

There is however a special congratulations to North Tyneside who have now hit their recruitment target of **27** participants

We will need to continue at this rate to reach our overall target of 80 participants so we would be grateful for your continued help and support in making this happen.

### **REGULAR REMINDERS**

- Could you please ensure your consent forms and eligibility checklists are faxed to the number below, as soon as possible after these forms have been completed:  
**0191 580 4787**
- We would be grateful if MACRO could be updated in a timely fashion, as soon as possible after patient visits.

### **Study Visits:**

**A quick reminder to sites to please ensure that all study visits are carried out at the correct time points for all participants and that this data is entered into MACRO. This helps to make sure that the data we have at the end of the study is as complete as possible and will help to generate high quality results.**

**If any sites are having any issues regarding the above please do not hesitate to contact one of the study team members listed below.**

### **THANK YOU**

**for all your help**

**Best Wishes from your Pre-Op Birds Study team**

**Please don't hesitate to contact us if you have any queries**
