

REVES Day 1 Wednesday 28.5.2014			
7.45	Registration and coffee	Foyer of the John McIntyre Conference Centre	
9.00-9.30	Welcome	Carol Jagger	
09.30-11.00	Subnational variation in health expectancies	Session Chair: Herman van Oyen	
		Pia Wohland, Carol Jagger, Tony Fouweather, Fiona Matthews, Vikki O'Neill	Where we live or how we live-Explaining regional health expectancy variations in England
		He Chen, Xiaoying Zheng	The decomposition of health expectancy change during 1987-2006 among Chinese elderly population
		Daniel Kreft	Spatial patterns in long-term care in Germany and how they are linked to socioeconomic factors. A study based on the concept of disability-free life expectancy.
		Michel Poulain, Anne Herm	Where you were born and where you live, does it influence your mortality risk ? Evidence found with Belgian data.
11.00-11.30	Coffee		
11.30-13.00	The Joint Action Healthy Life Years	Session Chair: Carol Jagger	
		Susanne Wurm, Julia Wolff, Benjamin Schütz	On the meaning of health and Primary Care supply for a positive view on aging
		Wilma Nusselder, Dagmar Wapperom, Caspar Looman, Hendriek Boshuizen	The impact of smoking control on Healthy Life Years
		Aïda Solé-Auró, Emmanuelle Cambois	Educational differentials in activity limitations across the European Union: methodological issues and first results.
		Herman Van Oyen, Nicolas Berger	The development of a blueprint for a Summary Measure of Population Health
13.00-14.00	Lunch	JMCC Restaurant	
14.00-15.30	Longevity and health	Session Chair: Marc Luy	
		Rossella Miglio, Alessandra Samoggia, Giulia Roli, Rosella Rettaroli	A spatio-temporal analysis of longevity in an Italian region
		Jennifer Ailshire, Eileen Crimmins, Hiram Beltran-Sanchez	Pathways to longevity among exceptional survivors in the Health and Retirement Study
		Rom Perenboom	Clustering people based on functioning and health
		Arnold Mitnitski, Kenneth Rockwood	Assessing biological aging: the origin of deficit accumulation arising from age associated increase in recovery time.
15.30-16.30	Coffee	Poster Session	
16.30-17.30	George Myers lecture	Session Chair: Jean Marie Robine	
		Tom Kirkwood	"Why and how are we living longer?"
19.00-23.00	Reception and Dinner	at Dynamic Earth	

REVES Day 2 Thursday 29.5.2014		
8.15	Registration Foyer of the John McIntyre Conference Centre and coffee	
09.00-10.30	Trends in health expectancies	Session Chair: Dorly Deeg
	A.H.P. Luijben, H. Galenkamp, D.J.H. Deeg	Trends in healthy life expectancy at age 85 in European countries are disappointing
	Zachary Zimmer, Mira Hidajat, Yasuhiko Saito	Recent changes in Life and Disability-Free Life Expectancy in China: Do they vary by rural/urban residence and education?
	Bernard Jeune, Henrik Brønnum-Hansen, Mohammed Duraidi, Khaled Qalalwa	Increasing disability-free life expectancy among older adults in Palestine from 2006 to 2010
	Lidia Loukine, Chris Waters, Colin Steensma, Bernard Choi	Health Adjusted Life Expectancy trends in Canada: preliminary results
10.30-11.50	Coffee	Poster Session
11.50-13.00	Work, retirement and health	Session Chair: Phil Rees
	Sandra Reynolds	Cohort differences in work disability among US adults
	Dorly Deeg, Philip Fontijn	The rise in statutory retirement age: consequences for work disability and post-retirement healthy life years in the Netherlands
	Carol Jagger, Pia Wohland, Tony Fouweather, Tom Kirkwood	Raising the retirement age: implications for UK and Europe
13.00-14.00	Lunch	JMCC Restaurant
14.00-15.30	Health expectancies from longitudinal data	Session Chair: Fiona Matthews
	Angelique Chan, Chi-Tsun Chiu, Victoria Haldane, David Matchar, Yasuhiko Saito	Active Life Expectancy and functional limitations among older Singaporeans: gender, educational and ethnic differences
	Cecilia Albala, Lydia Lera, Hugo Sánchez, Alejandra Fuentes, Barbara Leyton	Socioeconomic and gender differentials in survival and healthy life expectancy in Chilean older people
	Fiona Matthews, Vikki O'Neill, Carol Jagger, Pia Wohland	Comparison of methods and programs for calculating health life expectancies
15.30-16.00	Coffee	
16.00-17.10	The influence of past and current circumstances	Session Chair: Bernard Jeune
	Scott Lynch, J. Scott Brown	Region of socialization vs. region of current residence and mid-to-late adulthood health outcomes in the US
	Patrick Coate	Children's education and parental health: Evidence from the PSID
	Jenjira Yahirun, Connor Sheehan, Mark Hayward	Children's Education and Parents' Health in Mexico: Evidence for "Upward" Transfers of Intergenerational Resources

REVES Day 3 Friday 30.5.2014**8.45 Coffee**

09.00-10.45	Models for healthy longevity	Session Chair: Mark Hayward
	Michael Wolfson, Presenter: Reed Beall	On the determinants of health inequalities – Explorations using the Theoretical Health Inequality Model (THIM)
	Philip Rees	A model for forecasting the health of the population, illustrated for local areas in Northern England
	Hui Zheng	Aging in the context of cohort evolution and mortality selection
	Patrick Deboosere, Françoise Renard	Life expectancy: between the elasticity of human longevity and the imperatives of societal systems
	Roberto Ham-Chande	Projections and operational scenarios on ageing and health

10.45-11.15 Coffee

11.15-13.00	How education influences healthy longevity	Session Chair: Wilma Nusselder
	Chi-Tsun Chiu, Mark Hayward, Angelique Chan	Educational gaps on compression of disability onset in the United States
	Henrik Brønnum-Hansen	Social differentials in the contributions of mortality and health to the impact of smoking on expected lifetime in good health
	Marc Luy, Christian Wegner-Siegmundt, Paola Di Giulio	Causal mechanisms behind the association of education and mortality in men: insights from a natural experiment
	Govert Bijwaard, Bertie Lumey, Frans van Poppel	Gain in life expectancy associated with higher education
	Mark Hayward, Robert A. Hummer, Isaac Sasson	Trends and group differences in the association between educational attainment and adult mortality: Implications for understanding education's causal influence

13.00-14.00 Lunch JMCC Restaurant

14.00-15.10	Trends in life and health expectancies	Session Chair: Sandy Reynolds
	Peter Congdon	Modelling changes in small area Disability Free Life Expectancy: Trends in London wards between 2001 and 2011
	Isabelle Mairey, Peter Bjerregaard, Henrik Brønnum-Hansen	Gender difference in health expectancy trends in Greenland
	Yuka Minagawa, Yasuhiko Saito	Healthy Life Expectancy by prefecture in Japan: Changes in inequality between 2000 and 2010

15.10-15.40 Closing Remarks and the announcement of next year's REVES meeting

Don't forget to vote for your favourite poster!

1st Poster session: Wednesday 15.30 to 16.30

2nd Poster session: Thursday 10.30 to 11.50

Poster number	First author		Poster Title
1	Benjawan	Apinonkul	Multi-States Health Expectancies of the Thai Elderly
2	Emmanuelle	Belanger	An International Study of Self-Rated Health among Older Adults
3	Henrike	Galenkamp	An increasing trend in hospitalization is related to the changing health of Dutch older adults
4	Emma	Nash	A high level health outcome indicator for the new NHS health care commissioning bodies in England
5	Daniela	Weber	Health dynamics of older populations across four continents
6	Witness	Chirinda	Gender differences in Healthy Life Expectancies in South Africa
7	Tony	Fouweather	Have the drivers in inequalities in Healthy Life Years at age 50 in the EU countries changed between 2005 and 2010
8	Louise	Sundberg	Educational differences in disability free life expectancy in the Swedish old population 2002-2011
9	Renata	Yokota	Contribution of chronic diseases to the burden of disability in Belgium
10	Evelyn	Barron	Towards a consensus definition of healthy ageing
11	Peter	Davis	Simulating Policy Options for an Ageing Society
12	Bettina	Meinow	Educational inequalities in life expectancy with and without complex health problems in Sweden 2002-2011
13	Beatriz	Novak	Tobacco Smoking in Latin America: Differences between Smokers' Survival Expectations and Observed Mortality
14	Pilar	Zueras	Health and ways of living among the elderly
15	Jeofrey	Abalos	Geographic Differential in Functional Difficulties among Older persons in the Philippines
16	Lei	Zhang	Future Trends of Older Adults with Disability under the Demo-Socio-Economic Factors in China, 2006-2050
17	Lei	Zhang	Associated factor analysis on demands satisfactory of services for older adults with visual disability
18	Maria Felice	Arezzo	Social Capital and Health among Older Europeans: Evidences from the Survey on Health and Retirement in Europe (SHARE)
19	Nicolas	Berger	Comparison of self-rated health and the global activity limitation indicator as predictors of mortality
20	Johan	Van der Heyden	The Global Activity Limitation Indicator as a predictor of health expenditure
21	Stephen	Clark	Estimating the future local area demand for health care amongst the elderly
