

## **Building Knowledge for a Changing Climate: BKCC Project Progress Report**

**BKCC project name: CRANIUM: Climate Risk Analysis, New Impact and Uncertainty Methods**

**Progress report no: 1**

**Prepared by: Jim Hall**

**Date: 16 October 2003**

---

**The first meeting of the CRANIUM project was held on 6 May 2003. At this meeting was attended by 6 of the project's industrial partners. Work on CRANIUM will begin in earnest in the coming months, when research staff begin their contracts dedicated to the project.**
