

# FaSMEd

**Raising achievement through Formative Assessment  
in Science and Mathematics Education**

**Work Package 8 – Scientific Co-ordination**

**David Wright, Scientific Co-ordinator**

## Objectives

**The objective of the WP is to:**

- **Co-ordinate and monitor the scientific work of the consortium**
- **Supervise project progress and milestones**
- **Organise contacts and meetings with the Strategic Advisory Committee**
- **Scientific review of the work of the partners including quality, consistency and respect of deadlines**
- **Resolve conflict relating to technical and organisational issues**
- **Communicate with the European Commission**

## Scientific co-ordination meetings

- Launch meeting (D8.1)- Newcastle Jan 2014 all partners
- Small co-ordination meeting about WP3 in Dusseldorf March 2014 to prepare for:
- Nottingham meeting April 2014 of all partners to share and clarify issues (Toolkit, FA, Professional development, low achievers etc)
- Turin October 2014 – launch of prototype toolkit (D 8.2)
- Lyon – June 2015 – midpoint of interventions
- Essen – July 2015 – review of progress

## Interventions

- Identification of 'boundary objects' which serve as a focus for dialogue:
  - Formative assessment
  - Time/distance graphs
  - The toolkit
- Extra meetings to support iterations of ideas/design
- Position papers to clarify and support the methodological and theoretical base for the project.
