

Some GMS facts for you...

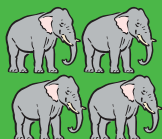

73 schools took part

**617 grown ups answered questions
and we measured 599 of them!**

**619 children helped us too,
307 boys and 312 girls**

Altogether the children weighed 15,757kg

**- that's nearly 16 tonnes
or more than 150 baby elephants**

**And you add up to 740 metres tall,
that's almost 37 Angels of the North!**

If you all stood shoulder to shoulder, you would stretch 152 metres, or half way around a football pitch

**You wore the activity belts for a total of 36,152 hours - over 4 years - and you were really active for 1615 hours!
That's more than 2 months of non-stop running around!**

We collected 2 litres of saliva or spit – urgh!

You had 3714 pieces of fruit – that's a BIG fruit salad!

You nibbled on 2476 portions of vegetables too!
