

# Haltwhistle Burn River Watch Meeting

Thursday 27th February, Comrades Club, Haltwhistle, 7pm

**You are invited to attend the Haltwhistle Burn River Watch meeting**

During this meeting the Haltwhistle Burn community will be introduced to the idea of 'community monitoring' - part of an innovative citizen science project led by Newcastle University. During this meeting you will have the chance to sign up to or show your interest in monitoring the Haltwhistle Burn catchment including rainfall in your back garden, various water quality indicators, stream levels and flood events. A range of exciting tools and methods will be available. All age groups welcome.. so please spread the word to your family, friends and neighbours!

**To find out more about the project..**
