Please consider how you believe your child feels about their self and their own learning. This questionnaire is about what you think your child's belief about their self is. This is NOT a test. There are no right answers - we just want to know about your beliefs about your child. Please don't ask your child the answers! This should only take 5 minutes to complete.

Please read each sentence and decide your answer in relation to your child. There are 5 possible answers for each question - 'True', 'False' and 3 answers in between. The numbers 1 to 5 are next to each sentence, for each of the answers. The answers are written at the top of the page, above the numbers. Choose your answer to a sentence and circle the number of the answer you choose.
