

## Equipment:

- A4 paper
- Architectural elements (download and photocopy)
- Scissors
- Glue
- Black felt tip pens
- Coloured cellophane
- Worksheet: Designing a Greek Building Collage

## Instructions:

- Cut out a selection of architectural elements.
- Use the elements to create the front of an imagined building – arrange them before gluing them to the sheet of paper.
- Use felt tip pens to add extra details such as stairs and balconies.
- Add some colour to your design by sticking coloured cellophane on top of some of the elements.
