Wrist and forearm movements

A cluster of four colorful spools of thread. One yellow spool is at the top, a red one to the right, a green one to the left, and a blue one at the bottom. They are all made of plastic and have a central hole for a needle.

Once complete you will need to help your child to tie a knot in the end of the string. If a necklace is made, ask your child to put it on over his/her head or to put it over your head to encourage reaching up with both hands.
