# Creating a PhD One Planet application for Newcastle University

This guide is to help you complete the first sections of the Newcastle University application form, so you can provide the required information for your PhD One Planet application.

Please 'Create a new account' in the [Apply to Newcastle Portal](#).

Once this is done you can create an application using the option in the blue bar at the top of the screen:

Complete the 'Applicant's Personal Information' page and then proceed to the 'Course Choice' page.

Select the Search Course button and you will be shown the below drop-down options. Please complete the 'Type of study', 'Year of Entry' and the 'Course Title' sections (please note, in the 'Course Title' field you can input either the course code, 8212F, or enter the keywords One Planet). Please leave the 'Research Area' field blank. Press the search button and it should find the PhD One Planet programme.

Type of Study*

Postgraduate Research

Mode of Study

Year of Entry*

2024

Course Title / Course Code

8212F

Research Area

Search

Once you have selected the PhD One Planet course please press the 'Further Details' button:

Course Choice

Find and select the **Postgraduate Taught or Postgraduate research programme** you would like to apply to .

If you are applying for a Postgraduate Research Programme with different studentships, please search and add the programme multiple times. Please use the Further Details to then provide the studentship/research title you are considering for the programme.

Choice(s)

Search Course

Course ↓	Research Area	Studentship	Type of Study	Mode of Study	Year of Entry	Month of Entry	Further Questions Completed		
PhD ONE Planet		OP2366	Postgraduate Research	Full Time	2023	September	Yes	Further Details	Remove course

This will open the 'Additional Questions' section where you can input the One Planet project code for the project you would like to apply for e.g. OP2366. You should also input the project title and give the Supervisor name.

Please note, if you are outlining your own research idea please use the project code OP9000.

Additional Questions

Personal Statement

Your personal statement is a vital part of your application: you may wish to tell us why you want to study the programme or what you intend to do after you have completed your studies. See Newcastle University's Careers Service advice and useful tips for writing your postgraduate personal statement.

How will you be submitting your Personal Statement *

Upload document

Studentship/Partnership Reference (if known)

Studentship / partnership reference: (if known)

OP2366

If you are applying for a research programme (eg PhD, MPhil, MLitt) you need to outline your research proposal. All our research programmes have application guidance under their 'How to Apply' section. This includes information on research proposals. If you prefer, you can attach an electronic copy of your research proposal. See the bottom of this screen for instructions.

Research Proposal Title (please give project title if known):

Will feedbacks from increased drought (drier land) and higher rainfall intensities alter flood inund

Research Academic/Supervisor (if known)

Prof Hayley Fowler

How will you be providing the Research Proposal *

Upload document

You can then complete the remaining sections of the application form.

Before submitting your application, you will be required to attach the following supporting documents:

- An up-to-date CV/resume
- Your 1,000-word personal statement (with your chosen project title and reference code e.g. OP23XX). *Please explain how your knowledge, skills and experience fit the project outline.*
- Your 1,000-word project proposal (with project title and reference code OP23XX). If you are outlining your own research idea please use reference code OP9000
- A minimum of two references. These can be submitted with your application if they are signed, or alternatively, they can be emailed directly by the referee to **oneplanet@ncl.ac.uk Please note that it is your responsibility to request these references and ensure they that are sent to us.**
- Attach degree transcripts and certificates.
- If English is not your first language, a copy of your English language qualification
