

Hello! I am Caterpillar. I love to tell stories. I know a lot of stories, but sometimes I get so excited about the story that I forget where I'm up to!

I have a lot of stories to tell you. Will you help me out if I forget things along the way?

Fantastic, thank you!

So let's get started. I want to tell you about a girl called Amy.

Amy is a red-haired girl who lives with her mother on a farm. She loves to play outside, to climb trees and help her mother with the animals. This means that she always wears wellington boots.

But one day, Amy could not find her wellies. The only shoes Amy could find were a beautiful pair of rainbow boots that her

granny had given her. Granny had told her that the boots were magical and that she should keep them until she was grown-up.

But Amy really wanted to go outside. The boots looked a bit too big, but she put them on anyway. As soon as she tied the laces, they fit perfectly!

Amy wiggled her toes, and the boots wiggled back.

Amy went outside. She was looking for adventure. And suddenly, her magical shoes carried her, as fast as the wind, deep into a nearby forest.

She ran and ran and didn't know where she was. Suddenly she stopped in front of a group of trees. Each tree had a wooden door in its trunk. They all looked exciting.

Can you help Amy choose which door to open? Just pick one and Amy will go there!
