

Recruitment update

The great news is that we hit our revised recruitment target for December. In response the funder has invited us to submit a contract variation to extend recruitment until December 2017.

Thank you so much to all site staff who helped with this great achievement! We all know it's not been easy but we need to keep the good work up in 2017 so please continue your much appreciated efforts in recruitment.

A breakdown of recruitment by site is included below. Following a formidable December, January slowed down a little but we hope this was down to the post-Christmas period and things will improve this month.

Site teleconference – 28/02/2017

The next site teleconference is due to take place on Tuesday 28th February 2017 at 2pm. Agenda and Dial in details to be circulated soon.

All site research nurses have been invited to attend. If you can't make it this time, don't worry, we will circulate any key points after the meeting.

Programme Meeting

The next Programme meeting will take place in Newcastle on 17th March 2017. You should have received an invitation and we look forward to welcoming you to Newcastle.

If you have any items that you would like to see discussed or covered at the meeting, please let the trials team know.

Monitoring

Following the substantial changes to the NATTINA set-up the revised monitoring plan has finally been signed off. It has been uploaded to the basecamp system and a copy should be files in sections 15.2 of your site file.
